Udaya Two Year &
Four Year Classroom Program
at INDORE Centre

I am Anany Sharma, a student of FIITJEE's 4 year classroom programme CFY1317. I joined FIITJEE in class 7, in the Two Year Classroom Programme UTY1113 through FTRE. I got to know about FTRE through newspapers and gave it at once. It proved to be the best exam of my life.

The regular CPPs which I got helped me stay vigilant about what was going in the class. The level of studies was high but was made simple by the efforts of all faculty members. I was able to evaluate myself constantly through regular quizzes and DPPs.

FIITJEE broke the syllabus into four parts and a phase test came up after each part. These phase tests helped me revise the whole syllabus again.

The AIts exam gave me an overall insight on where I stand on the national level and the high level of questions asked in it increased my knowledge. Thus, I was able to prepare well in advance for NTSE. And whenever I faced a problem, all my doubts were cleared by the efficient faculty.

The sole credit of my success goes to my parents and FIITJEE!
BEST OF LUCK!
